

Principal's News

Some great things in the last week. Last Friday's Opening Liturgy was very special. I was most impressed with the way our Year 6 students stood up as leaders. Their involvement in the preparation of the liturgy in combination with the way they presented themselves was exceptional. We have much to be thankful for in Ms Troianni, Mrs Robinson, Mrs Cook and Fr Andrew, very supportive parents and wonderful students. We were also pleased to have Paula Gallagher join us to work on verse speaking in some classes, and the commencement of our Choir and Ensemble programs. Each year these aspects of our school keep improving in size and quality and it is something we should be very proud of. I know an absolute highlight for everyone this week was having Martin Heppel from the Resilience Project join us. Students from Prep to Year 6 loved his presentation and really engaged with his message. I have never seen a stronger attendance at a School Parent Night in any school. To have so many great people and parents come along in order to become even better was tremendous. I feel very privileged in sharing a little in the lives of our families. Within our community, we have families who I have seen face up to trauma and grow from it. These amazing role models, and learning from people like Martin, make us all stronger, and better placed to support each other and our families.
